Unaccompanied migrant minors  
and gender equality

## MY GENDER RIGHTS

## PROJECT OBJECTIVES

## OUTPUTS

The promotion of gender equality is a priority for the EU, contributing to the European Strategic Objectives 2020 for growth and employment.

At the same time, Europe is facing a huge migrant crisis. A study published by the Council of Europe and the United Nations High Commissioner for Refugees (UNHCR) in March 2014, highlighted the very urgent and concerning situation of unaccompanied migrant minors, who are particularly vulnerable and helpless:

‘Unaccompanied children in transition to adulthood have their own needs as a specific age category, and should be given proper support in order to facilitate that phase and achieve greater autonomy and integration in the host society.’

Concerned by the migrant crisis, the six partners (Bulgaria, France, Italy, Germany, Turkey and the UK) have conceived the My Gender Rights project. The aim of the project is to provide those centres and organisations that care for unaccompanied migrant minors with educational and training tools on gender equality.

These will help the centres to familiarise migrant minors with the attitudes and expectations around gender that they are likely to encounter in Europe, to aid their better inclusion in European society and in their professional careers.
